

# **Annual General Meeting**

Will be held on

**OCTOBER**

**15th**

**At**

Kea Community Hall  
Playing Place, Truro, TR3 6ET

**Commencing at 8.00pm**

This will be followed by a natter over a cuppa,  
refreshments and drawing of the Raffle.

Please bring a plate of food for the refreshment table and  
a donation of a prize for the raffle will also be most appreciated.

**We look forward to seeing lots of members  
this year, as this is your chance to have a say on the  
running of the association, and meet up with other  
members.**

Voting paper for election of officers is inserted loose within this magazine

THANKS FOR THE MEMORIES

As this is our last mag, we would like to thank all the people we have met in all our years with The Cornwall Goatkeepers Association for giving us a lot of memories to cherish past and present. We will mention some that are not here today, but not forgotten, some we have not met but spoke about , Ivy & Jim Venables, Pat Elliott, Jo Hadwin, Hazel Logan, Audrey Vaughan, Sylvia Hale, Sylvia Richardson, Jean Jeffery Molly Lee, Joan Rae, Marie Harris, Jill Salmon, Biddy Short, Clive Robinson, Harold & Marion Page, Corrine Johnson, Groff & Beryl Badsey, Valerie Reid, Sue Prior and Keith Marston, all have been in the Cornwall Goatkeepers Association .To one of the best goats Landsmead Quakermill owned by Mr & Mrs Hale, and now Jean Macleod who sent lots of bits for the mag which were very gratefully received, our mistakes and script writing also presentation had a light suggestion of how to correct this, thank you Miss Macleod.

Our first show ever was Penryn Agricultural Show. We had entered 2 kids one set of twins an English and the other saanan kid, Pat Elliot looked at the wrongly filled in form asked us to show her our goats which we did. No No this is no Toggenburg, lifted her tail and said ,she is an excellently marked English kid. Then we showed her their pedigree and with these, she gave a rye smile, well there's always one. The Sire was British Saanan, Dam was pure Saanan, the British part gave us this perfectly marked kid, she was graded in the Trelaigh Male and young stock show that year by the English Goat Society, we were chuffed she was a character first goat up a tree and first to start eating one.

We have had so many memories from two and four legged friend we could write a book as so many of you out there could. If you all put pen to paper and wrote just one story, fifty in a booklet and sell on the stall for a fun read.

We wish the CGA the very best for the future, may new people continue to join and swell the goat entries to all the shows and maybe new ones.

Just don't lose the Dairy side, knowledge and experience that has and can be passed down. DENNIS and HAZEL.

# From the Chairman

My thanks go to all members and committee members who have pulled together to put on some of the best goat shows in the West Country this summer.

Unfortunately Linda Dodds was taken ill shortly before Stithians show – our best wishes go to Linda for a swift and successful recovery. Linda has decided that she will be unable to run the Goat section in the future so the CGA had an urgent meeting after the show to find a replacement for next year. Stithians required a named person to become a Trustee of the show to run the section. I volunteered my services and was accepted by the CGA and Stithians. So next year, with the support of members of the CGA, you will have the dubious pleasure of my company from 6am until after the milking in the evening. This winter will be spent finding out all about the BGS awards and milking competitions – under the supervision of Sue and William. Stithians show committee have asked me to pass on their thanks and congratulations to everyone who helped to ensure that the Goat section ran smoothly.

With changes in their lives Hazel and Dennis Badger have decided that, after many years of supporting the CGA, it is time to move on and will be leaving the committee at the AGM in October. They will be leaving a huge gap in the CGA especially for their covering the information stand at shows, assisting in the organisation of shows and also for acting as editors of the Cloven Hoof. I would like to take this opportunity personally to thank them for the many years of unquestioned support.

On that vein the CGA are now looking for someone to Edit the Cloven Hoof and to give assistance on the Information table at shows. So if you have some time to spare please contact one of the committee members to find out more about what is required.

Our AGM is set for the 15<sup>th</sup> October at 7.30pm – this is a good opportunity to hear how the club has performed during the year, find out who has won the CGA awards at shows, meet up with old friends and have a goaty chat and maybe put your name forward to join the committee?? Please bring a raffle prize and a contribution to the shared supper table.

I look forward to meeting up with you all soon.

Very kind regards

**Julia Clarke**

# Secretary's Notes

Glass half full or glass half empty? When things go wrong it's easy to be despondent but "plan B" often gives a solution and raises morale. Sometimes we ride a roller coaster of emotions, tossed by the vagaries of fate or our own ill- judged decisions. (Bit heavy that, so let me lighten the mood!)

Getting ready, early morning on the day of the recent Male, Youngstock & Pygmy Show, I decided to have a tin of mackerel fillets for my breakfast, quick and easy. However, when I drained the surrounding sunflower oil directly from the tin, into the Rayburn firebox.... Yes, you guessed it..... all the fish fillets slid into the fire! (glass half empty) Bring on "plan B". I brewed a coffee and decided to make porridge. (glass half full) Just as I was about to settle to eat it, I noticed the kitchen clock was horribly wrong. There was no time to eat or drink anything (glass half empty). I had promised to help load a competitor's male goats into the trailer ready for the Show and I didn't want to be late. Dashing from home, I managed to make up some time on the empty roads and we eventually arrived at the show, to find a steaming urn and Julia offering drinks of coffee or tea. (glass half full, metaphorically of course, 'cos the cup of coffee was full to the brim and oh so welcome).

It was a lovely idea to make hot drinks available. Thank you Julia, for thinking of it and thank you, Jenny May for providing the electricity to make it happen. We really do owe Jenny a debt of gratitude for making space in her warehouse to give us a perfect indoor venue. It was just what was needed on a showery day.

The Boer goats proved an interesting addition to the show. I could not believe the size of the "kids"!

Don't forget to attend the AGM. There may be changes to be made and a high attendance would more accurately represent the wishes of the whole membership, and not just the small minority who regularly turn up.

HOPE TO SEE YOU AT THE AGM on Saturday 15<sup>th</sup> October,

**June.**

## Jean Gordon Macleod

27th May 1926 - 29th June 2016

Jean Gordon Macleod died a month after her 90th birthday. She was born in the Lake District at the head of the Langdale Valley hence her herd name of Langdale. Her parents moved to Dorset while she was a toddler and her life was spent in the South West but she said she always felt as though she was going home whenever she crossed the Scottish border.

I was friends with Jean for just under twenty years although some of our founder members knew and showed with her for over forty. Jean was a great correspondent. I wrote something for the Clovenhoof magazine and she wrote commenting on it. I wrote to thank her and she wrote back and soon we were corresponding at least once a week. She was a great one for her coach trips after giving up her goats in her seventies, and did several every year including some to Newquay where I picked her up and brought her back to Carbis for lunch and high tea as she called it. Her visit to me often included a visit to Jean and Keith Wilshaw's farm to see their goats and while she was more steady on her feet we would walk over there and take my goats out into one of Keith's fields where she delighted in the antics of the black and white Devils as she called the British alpins!

She mastered the computer she was given, no mean feat for someone well into their seventies and she enjoyed corresponding by e-mail with people in Australia and Canada and of course people in the British clubs, she was a member of several. Her goats were well known, as was she, everyone seems to have a tale or two to tell about the redoubtable Miss Macleod. Perhaps some of our members might like to recount a story or two for our magazine, I'm sure some of the younger members would like to hear tales of shows long past and how things were.

For someone who was told she would be blind by the time she was a teenager and having spent an unhappy few years at boarding school where she learned to touch type, she did incredibly well driving hundreds of miles in a van with her goats in the back, camping at the shows or sleeping in a clobber pen. She loved her animals and bred some amazing goats, also Jack Russell terriers. One story people tell is of how she could stand her male goat up in the ring and then step away from it to check its placement. I found that incredible but some people said the goat simply wouldn't dare move while Jean was assessing it with her critical eye!

I enjoyed her friendship and I hope she enjoyed mine. I was honoured that she gave me her large collection of goat models as she wanted someone who appreciated them to have them. I certainly do, just as I appreciated her. R.I.P Jean, you won't be forgotten.

Ann Munson

## life after laminitis

We have a goat, 50:50 AN :BS. called Pretty, She was mated to an AN, and continued to live out in the field on her goatling rations until 20th Feb, when she was brought in, as was her stable mate, an AN called Nougat. Their feed was increased slowly in line with their increasing girth, but not on to full milkers rations. Pretty had a due date of 8th March, but within a couple of days she developed acute laminitis, but Nougat did not and remained very healthy . Pretty kidded on 10th March, one live and one stillborn....stillborn was delivered second, and I wondered if it had been 'suffocated' by the weight of Pretty's rumen and the other kid??. I had read about treating inflammation with a Turmeric based product called Golden Paste, so decided to give it a try....I made some and started her on it, she had her rations cut....no concentrates, just hay and a handful of barley with the Golden Paste mixed into it. When she was 3 weeks post kidding I had a friend come in to trim her feet...he had one h\*ll of a job!! I continued with her diet and left her kid on her as milking was not practical, plus I thought that leaving a kid on would 'drain' some nourishment..... Her feet were trimmed again 4 weeks later and were softer, and in addition, a growth interruption could be seen on the horn. Two weeks before Royal Cornwall, she and her Kid were turned out into the field, with the only food being grass and browsings, and with a bucket of Happy Hoof to be shared with the other field 'crew'. She has today been running in the field, her shoulders have 'rotated' back to a pre-laminitic position and to all intents and purposes, she has fully recovered. I will not put her in kid again, as I feel that the risk to her is too great, and she can live out with our other odds and ends! They are a Boer and her Boer/ Bagot cross from last year...as they get on well together.

In the winter, all pregnant goats come in to the main goat shed, but non-productive goats live out with 24 hour access to a 2 Ac field and are fed small amounts of concentrates and ad-lib hay...they have several sheds, with deep straw beds to sleep in.

Pretty mixes with the milkers, kids and goatlings( who also live out) all day , come rain or shine, and gets lots of attention. I have her great grand -ma, Gremlin as a milker...she kidded in 2014 and is still putting 5Kg in the bucket, so we can afford to 'lose' a milker!!!! **Sue Smith**

## Soldiers from the Royal Welsh have taken part in a parade - joined by L/Cpl Shenkin, the regimental goat.

He led the parade of soldiers along Llandudno promenade to re-affirm the Freedom of the County of Conwy. Hundreds of residents and holidaymakers turned out to see the march in the shadow of the Great Orme headland, where Kashmir goats are an attraction. The Royal goat **tradition began in 1844** when Queen Victoria presented the Royal Welch Fusiliers with its first one. The soldiers were accompanied by the Regimental Band of The Royal Welsh, and paraded with colours flying, bayonets fixed and drums beating.
